**TCT Awards 2018: Materials, Non – Polymer Category Winner**

NanoSteel's Former Additive Manufacturing Business Unit, now Formetrix, Inc. Win's TCT Materials Award 2018 in the Non –Polymer category.

Named a finalist along with Impossible Objects, Stratasys, Arconic/EOS, and VBN Components, the extensive entry field for this year's TCT Awards was highly competitive and full of innovative technologies.

Congratulations to all the nominees.
